TO ALL APPLICANTS FOR GREEK TEACHING: We will be contacting you individually to interview you for the teaching positions after we have received the preliminary applications back from you. Since we are all swamped with work at this time, the interviewing will probably take place during the break between quarters. One non-mythological note: applicants who will be at Fuller for two or more years beyond this year are at an advantage over those who will only be here one more year (due to the training involved for teaching Greek). Also, there are very few positions open for the summer; present hiring is for the Fall mainly. Hope this answers the questions many have been asking me. Anyone still desiring an application, please drop a note in my box this week. E. Behrens and Greek staff.

Ed Hart, Fuller alumnus, will be on campus Monday, March 11 to interview interested students for a paid intern position at the First United Presbyterian Church of Bakersfield. Also he will talk to anyone interested in interning under the Chaplain of Tehachapi State Prison on selected weekends. Please come by the office of the Dean of Students for an appointment. RNS

If you know of quality student research which has been done this year, please bring it to the attention of Gerald Wilson, Box 97, or Dr. Ralph P. Martin. GHW

Congratulations to ROB MOORE for being accepted at Penn State Medical School at Hershey! DM

he Seminary campus does not have extremely tight security. One consequence has been the theft last week of some contributions that were made to the Fuller Fund. Action is being taken to replace this money so that the Fuller Fund itself will not have to bear the loss. Additional security measures are being made to protect future contributions. (The Fund still needs about 2000 in order for us to pay the transportation of Dick and Dena Green back to the United States from Ghana). The risk of thefts will be lowered if we will be more aware of strangers on the campus, if we will let them know that we are aware of them by asking if we can help them in any way, and if we will generally be more observant of others behavior.
